

Granville Absorb Industrial Grade Spillage Absorbent

30 Litre

PRODUCT DESCRIPTION

Granville Absorb is a wholly recycled shredded wood fibre absorbent product for use in clearing up liquid spills in the workplace. A light product, making for easy handling and lower disposal costs. Impregnated with bicarbonate of soda for fire retardancy, but incineratable where facilities exist. Fully biodegradable as a product.

PRODUCT BENEFITS

- * Lightweight for easy handling and low disposal costs
- * Incineratable for economy
- * Fire retardant for safe adsorption of flammable liquids
- * Wholly recycled material
- * Biodegradable

DIRECTIONS FOR USE

Spread on spill affected area, then leave to absorb the spillage. Sweep the floor and dispose of the contaminated granules as waste, in accordance with local regulations, bearing in mind the product absorbed.

Appearance : Green Wood Flakes

Odour : Odourless

Solubility : Insoluble
