

## Granville Lithium EPO - Chassis Grease

12.5kg

### PRODUCT DESCRIPTION

Granville EPO Grease is a premium quality grease designed for centralised lubrication systems. It is also suitable for anti-friction and plain bearings subjected to high load conditions. EPO Grease can also be used for gearboxes designed to operate with a semi-fluid slumping grease.

### PRODUCT BENEFITS

- \* Excellent extreme pressure and anti-wear performance
- \* High degree of corrosion protection
- \* Highly versatile semi-fluid grease for autolube systems

\* Image for illustrative purposes only.

### DIRECTIONS FOR USE

EPO Grease can be applied manually or via a centralised lubricating system capable of pumping NLGI No. 0 grease.

As with all grease used for the first time, check compatibility with the grease applied previously and, if necessary, purge bearing prior to application. Likewise, as a general rule, take care not to over-lubricate and apply only the quantity of grease recommended by the manufacturer.

| SIZE   | PART NO | BARCODE |
|--------|---------|---------|
| 12.5kg | 2337    | N/A     |

### STORAGE INSTRUCTIONS

Store sealed in a cool, dry place

### SHELF LIFE

3 years from date of manufacture.

### SPECIFICATION INFORMATION

Operating Temperature: -30°C to +110°C  
 Worked penetration: 355 to 385  
 NLGI Classification: 0

**Appearance** : Brown smooth semi-fluid grease  
**Odour** : Characteristic

# Granville Lithium EPO - Chassis Grease

12.5kg

**Solubility** : Insoluble in water
